Cooler months are on their way

Our team enjoyed the trip away to the Kenworth 100 Year celebration, check out the special page below with our highlights.

Work flow has started to increase, as the weather starts to turn colder and we get closer to winter, it is timely that we get your cow races and spreading done. Get in touch today.

Have you seen any of our new adverts? We have recently updated these, keep an eye out in your local newspapers for us.

Happy Easter from Shannon Bulk, we hope you get some downtime with family and friends.

Shane and Troy at Trentham truck show on 25th Feb. On left, Kenworth K200 and on right our original fleet member 1975 Kenworth W923R.

Have you heard of Tabula (Tracmap)?

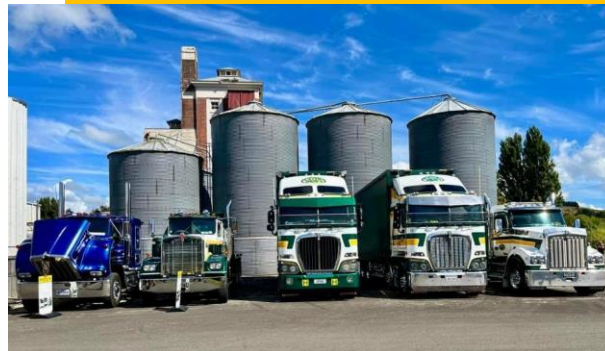

Both our spreaders have this system, where an order can be placed by the farmer through a mobile app, selecting paddocks, product and application rate required. This comes through directly to us in the office.

We can then assign the job to the spreaders and all the details and a map of the job will show in the cab. Once the job is completed a proof of the application map can be supplied.

Get in touch if you would like us to set your farm up with this system.
