Happy Easter!

Here we are 2026, and it is nearly Easter! We welcomed a new member to our fleet a Kenworth K220 a well-deserved new work office for Aaron who has worked for us for six years now. Keep an eye out in your travels, give Aaron a wave.

Our team have been busy carting up and down the country and the quarry has been non-stop. We know the cost and supply of fuel is at the top of everyone's mind, the ever-changing environment is difficult but we are still carting near and far.

Keep your families close through these uncertain times. Take some time to relax this easter and enjoy the family time.

Let's dump it
We have just purchased our very first dump truck, we can use this on your farm! Particularly good in areas that a truck is unable to get to. Get in touch today to see the dump truck in action.
